Numatic

Designed in every way for demanding hotel cleaning regimes, tackling narrow corridors, heavy loads and the pressures of time sensitive public-space day cleaning... the NuKeeper Universal.

The Flexi-Front or Hard-Front options and heavy-duty Structofoam construction offer an easy-clean design, chemical-resistant and built to last. All models are equipped with All-Terrain (AT) soft ride castors, gliding over heavy-pile carpets even when carrying the heaviest of loads. Engineered from the highest quality recycled plastic, using environmentally sustainable ReFlo Technology.

Limitless Configurations

Adapt standard model to suit specific needs with optional kits.

Built to Last

Chemical-resistant, heavy-duty Structofoam construction for easy-clean design.

Sustainably Engineered

Made from high-quality recycled plastic using ReFlo Technology.

Increases Productivity

Customisable design providing a number of storage facilities.

Total Uniformity

Provides professional approach to integrated system planning.
