

NVQ/NVDQ900

Industrial Dry Vacuum

Numatic

The NVQ/NVDQ900 is equipped with our TwinFlo 2-stage industrial motor providing unrivalled performance standards. Its manoeuvrability makes it ideal for numerous trades where it must frequently be moved from place to place while still requiring a large capacity.

Heavy-duty Structofoam construction used in both head and body for superb strength and impact resistance allowing machines to be truly rugged and endure years of industrial use.

Unrivalled Performance

Equipped with TwinFlo 2-stage industrial motor.

Built to Last

Heavy-duty Structofoam construction to endure years of industrial use.

Powerful & Efficient

AirFlo filtration directs movement of air to enhance cleaning performance.

Handy Cable Replacement

NuCable system for quick and easy changing of cable.

Ease of Transit

Fitted with fully directional front castors and large rear wheels providing excellent mobility.

Available With Optional One or Two Motored Models

Simplex One Motored Model - NVQ900

Duplex Two Motored Model - NVDQ900

Kit BS2

HepaFlo Dust Bag and AirFlo System

Large Rear Wheels for Excellent Mobility

High Efficiency ProFlo Dry Floor Tool

Hi-vis Cable
